Dear Elma:

Received your letter this evening and read it right away and Elma I sure felt lots better especially while I was reading your letter where it said about a big sweet kiss Elma I sure got that one real quick don't you forget it I won't miss them or any of them especially when they come like that but Elma they ain't real like it used to be when I could come out to see you and get a real sweet kiss right from your dear sweet lips Elma them were the times, like the night we went to St. Phil I sure got a lots of sweet kisses and wish I had some of them right now Elma I believe it would make me feel a whole lots better don't you think so too Elma, I guess you would be more satisfied wouldn't you Elma, well I guess some day not so far off I will or we will get a chance to press those sweet lips together again O Elma won't that be real again just think of it Daddy will see Momma again. Well Elma I guess you had a real hot time at Cora "Steiners" party or what you may call it especially if she talked and told stories like you say she does at market. Oh boy I bet she can tell more hot ones but I guess if her "hott eyed" sweetie was there she didn't have so much to tell she had to take care of him ha ha ain't that some junk. Well Elma I was out in the country again today and worked hard we got ten telephones changed or you may say ten farmers satisfied and came home feeling fine tonight with my cold just almost all all gone again, which I am more glad of for I don't like such stuff like that at all, and Elma I hope you are feeling good also only I wish you was here with me right now I know we would both feel very good then for a change and so I am going to get ready for bed before long now. I also got a letter from Matt and "Cody" from Detroit today. Elma this letter is going to be loaded down with all the true love and all the sweet kisses that I can possibly pile on so here is an extra good and pleasant night kiss Elma x
