Dear Elma:

Received your letter this evening and read it right away and Elma I sure felt lots better especially while I was reading your letter where it said about a big sweet kiss Elma I sure got that one real quick don't you forget it I won't miss them or any of them especially when they come like that but Elma they ain't real like it used to be when I could come out to see you and get a real sweet kiss right from your dear sweet lips Elma them were the times, like the night we went to St. Phil. I sure got a lots of sweet kisses and wish I had some of them right now Elma I believe it would make me feel a whole lots better don't you think so too Elma, I guess you would be more satisfied wouldn't you Elma, well I guess some day not so far off I will or we will get a chance to press those sweet lips together again O Elma won't that be real again just think of it Daddy will see mamma again.

well Elma I guess you had a real hot
time at Cora Summers party or what you
may call it especially if she talked and
told stories like you say she does on Market
ok boy I bet she can tell some hot ones
but I guess if her bat-eyed sweetie was there she
didn't have so much to tell she had to take
care of him ha ha. and that some junk.

well Elma I was out in the country again
today and worked hard we got ten telephones
changed or you may say ten farmers satisfied
and come home feeling fine tonight with
my cold just about all gone again, which
I am more glad off for I don't like such stuff
like that at all, and Elma I hope you are feeling
good also only I wish you was here with me
right now I know we would both feel very good

then for a change and so I am going to
get ready for bed before long now. I also got a letter
from Matt. and Andy from Detroit today. Elma this
letter is going to be loaded down with all the true
love and all the sweet kisses that I can
possibly give or so here is an extra good
and pleasant night Kiss Elma X
R.
